SERHII MALYSKEVYCH

JUNIOR FRONTEND DEVELOPER

PROFILE

Junior Frontend Developer with a solid foundation in JavaScript, TypeScript, React, HTML, and CSS. Experienced in building responsive interfaces, working with REST APIs, Git, SQL, and AI-assisted development tools. Able to analyze generated code, debug issues, and adapt solutions while maintaining a clear understanding of the implementation.

EXPERIENCE

Junior Engineer - LLM Voice & SMS Agent

Freelance (Fiverr) | Remote

- Supported the development and configuration of an LLM-based agent for incoming calls and SMS.
- Worked with dialogue logic, intent recognition, context handling, automated data processing, and escalation to a live operator.
- Used Git and development tools within a distributed technical team.
- Reviewed AI-generated solutions and adjusted system logic.

Personal & Educational Projects - Frontend Development

- Built responsive interfaces with HTML, CSS, JavaScript, React, and TypeScript.
- Worked with DOM manipulation, event handling, asynchronous JavaScript, and REST API integration.

EDUCATION

Odesa Polytechnic National University | 2017-2022

Institute of Computer Systems - Computer Science and Software Engineering. Focused on Java, OOP, data structures, algorithms, SQL, Git, and software design fundamentals.

STEP IT Academy | Sep 2015-Feb 2016

Java Development - Java fundamentals, OOP, algorithms, data structures, and educational software projects.
